

**JOHN WILSON EDUCATION SOCIETY'S**  
**WILSON COLLEGE (AUTONOMOUS)**  
**RESEARCH POLICY**

**Aims of the Research Policy:**

- Encourage a healthy and vigorous culture of research at Wilson College.
- Contribution to nation building through the vision and mission of Wilson College.
- Enhance the institutional seed money for research activity and plan of action to support active research for safe and ethical conduct of research.

**Objectives:**

- To enhance the institutional capacity for research by creating and administering a research fund.
- To develop guidelines, procedures and rules for obtaining financial support through appropriate frameworks.
- To provide guidance in the effective integration of research projects with curriculum implementation at an interdisciplinary level with other departments, colleges and institutions.
- All Ph.D staff have to apply for major research grants to various national and international funding agencies.
- To establish links with external research organisations both national and international levels.
- To encourage and facilitate publication in recognised journals.
- To host conferences, seminars, workshops and invite guest speakers.
- To plan, execute and adopt ethical and legal norms for research.
- To encourage researchers to apply for patents and to provide support for the same.
- To identify, scrutinize and facilitate, MOUs with industry, NGOs and other allied organisations for the purpose of funding.
- To initiate an Institutional Research Journal, apply for ISBN/ISSN number and obtain recognition from UGC to encourage research publications.
